

SDB 2008 - DEMO

- Installation manual -

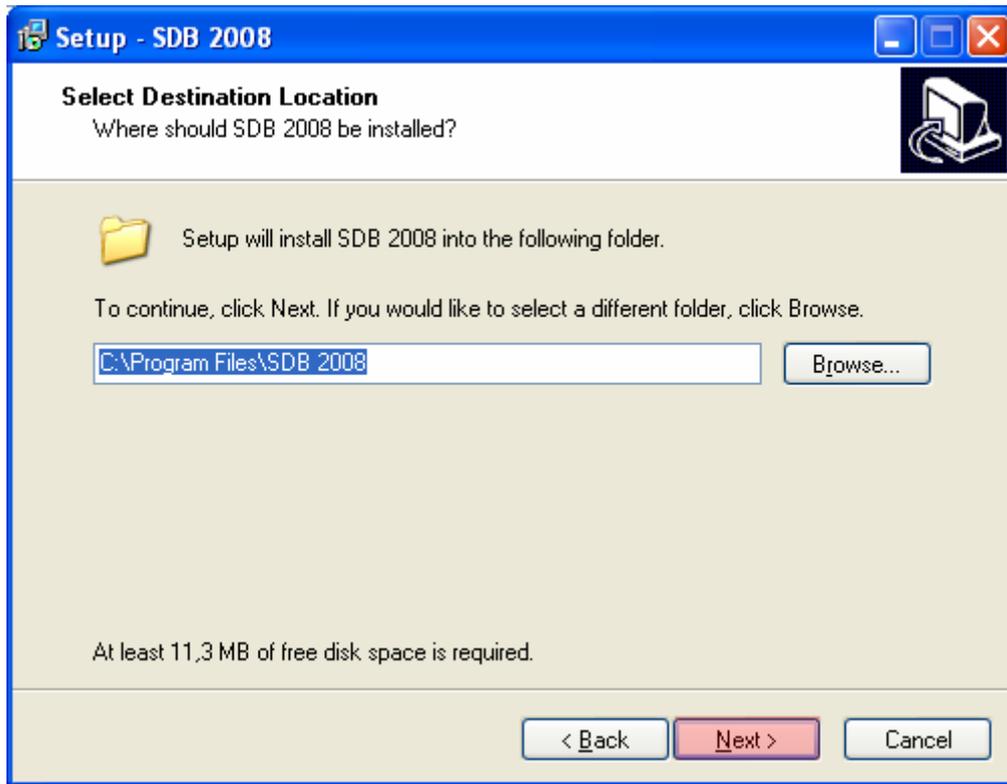

1. Download installation pack www.sdb20xx.com/demo/sdb20xx_setup_demo.zip unzip file and run installation file:
 - **sdb20xx_setup_demo.exe** (installation program)
2. After running installation you will see a wizard, choose the language which you want to use. *We use Czech language in our manual but you can use English or any other as required.*

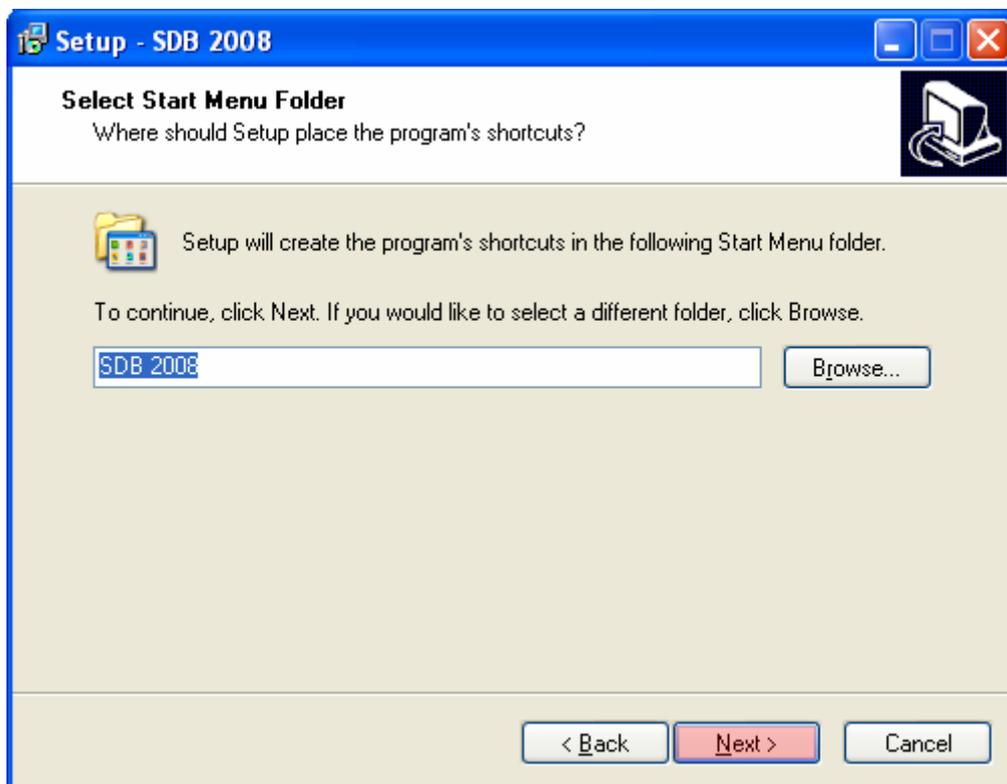

3. Click on the „**Next**” button in this window.

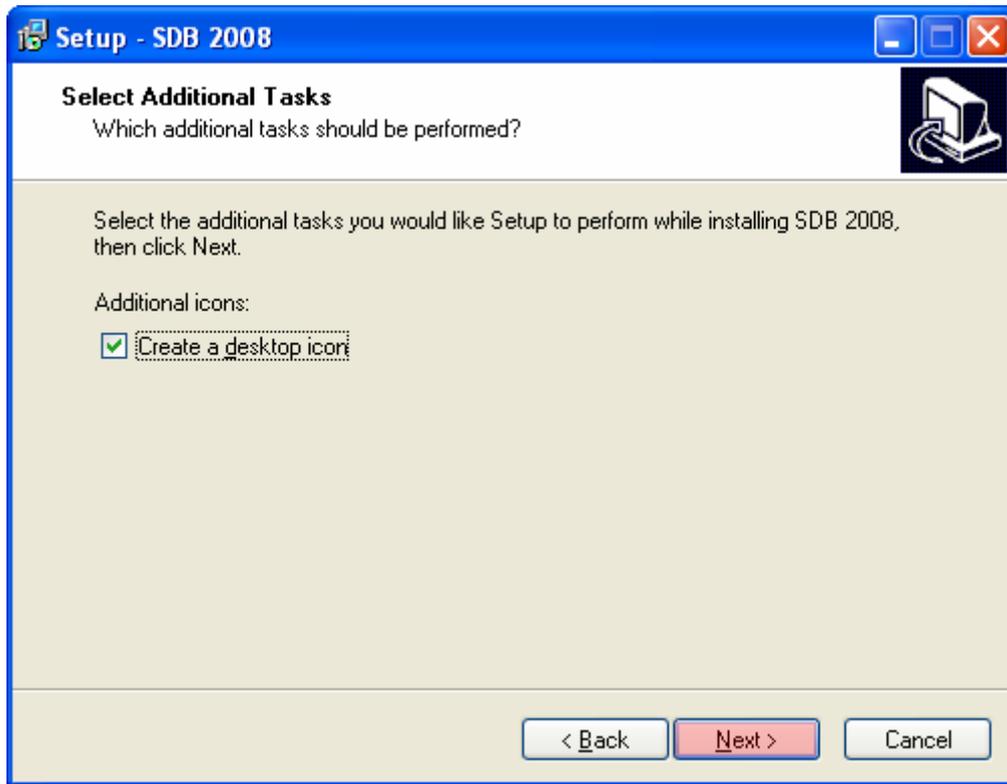

4. Select an installation folder – we recommend you use the default folder – just click „**Next**“.

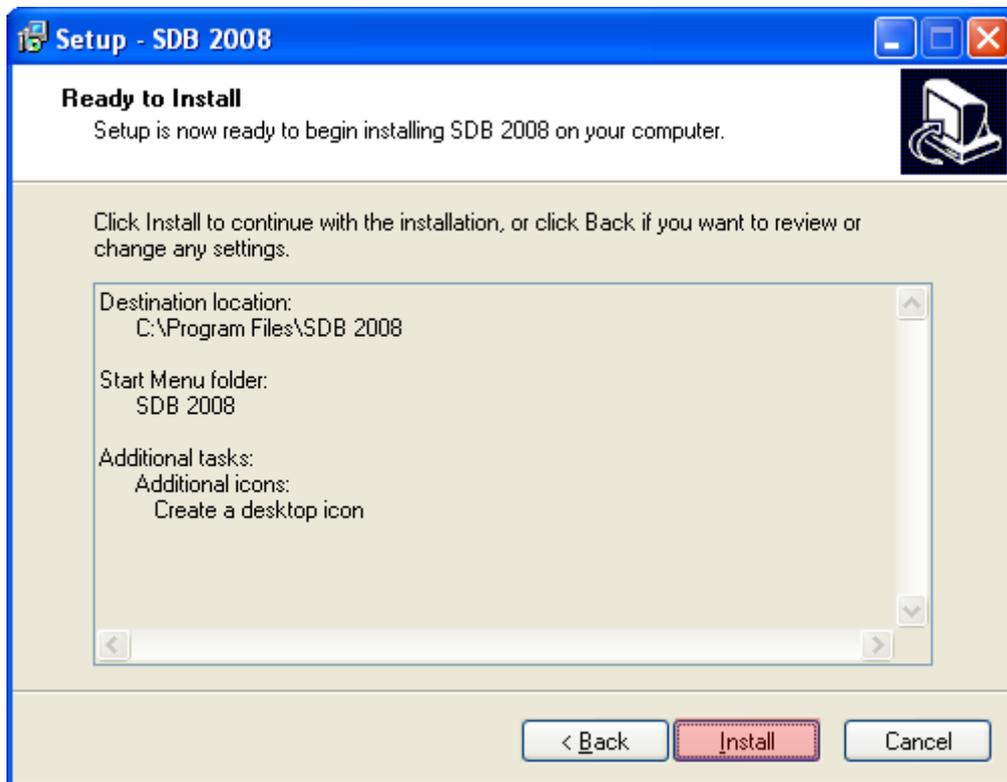

5. You can change the name of installation if required; continue by clicking the „**Next**“ button.

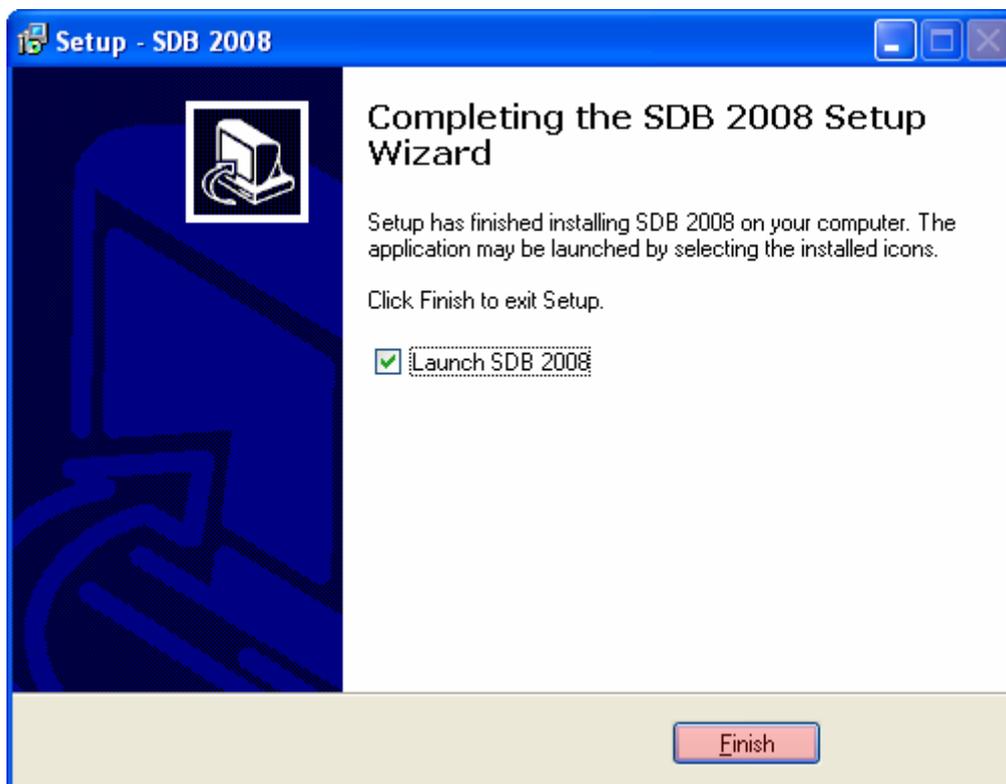

6. Tick the checkbox to create a desktop shortcut, continue by clicking the „Next“ button.

7. Finally click on the „Install“ button.

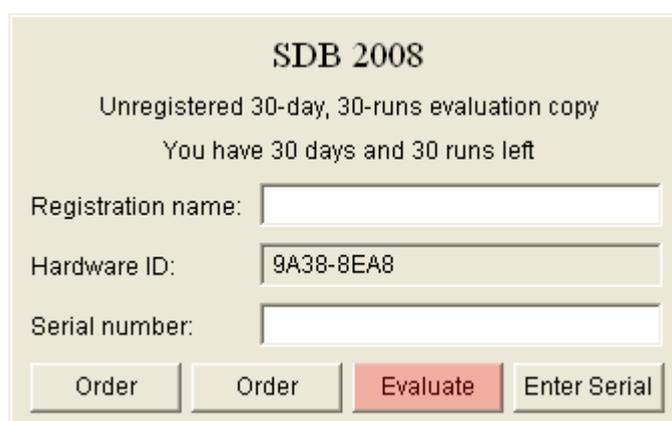

8. To finalise the installation click on the „Finish“ button. The program will run automatically if the box is checked. See next page.

9. You will now see a window:

- **SDB 2008** – name of software
- **UNREGISTERED COPY** – this software is not yet registered
- **You have 30 days and 30 runs left** – number of days & runs remaining that you can use it for free
- **Registration name:** - your company name will be displayed here
- **Hardware ID:** - unique generated number for your computer
- **Serial number:** - you will receive this when the software has been paid for
- **Order** (button) – click to order SDB 2008
- **Evaluate** (button) – click to try software for free
- **Enter Serial** (button) – use to enter activation code

At this time click on the „**Evaluate**“ button –you now have 30 days and 30 runs. If you like SDB 2008 then click on the „**Order**“ button, or you can visit our website: www.sdb20xx.com.

10. Now run SDB 2008, you will see this window, select your language and click on the „**OK**“ button.

11. When you first run SDB 2008 you will see this form, enter you details, marked fields are required.
NOTE: If you don't fill this form the software will not run.

Attention: Ensure you are connected to internet. Send the completed form to our server by clicking to „Send“ button.
